

Master en Enginyeria de la Seguretat Informàtica i Intel·ligència Artificial (MESIIA)
2nd call exams, 1st and 2nd semester subjects
Course 2018-19

	Monday January 14th	Tuesday January 15th	Wednesday January 16th	Thursday January 17th	Friday January 18th
10:00			Planning and Approximate Reasoning Classroom 203		
15:00			Multi-Agent Systems Classroom 101 i 105		Artificial Vision and Pattern Recognition Classroom 215

	February 4th	February 5th	February 6th	February 7th	February 8th
10:00					
15:00	Computer Forensics Classroom 215	Neuronal and Evolutionary Computation Classroom 215	Cryptology and Information Security Classroom 215	Biometric Identification Classroom 215	Secure Distributed Systems Architectures Classroom 215

	June 11th	June 12th	June 13th	June 13th	June 14th
10:00					
15:00				Privacy Protection Classroom 212	Ubiquitous Computing Classroom 213

	June 17th	June 18th	June 19th	June 20th	June 21th
10:00	Knowledge Representation and Engineering Classroom 215				
15:00	Multi-Criteria Decision Support Systems Classroom 215	Research and Entrepreneurship in Security and AI Classroom 215	Complex Networks Classroom 215	Multimedia Security Classroom 215	Visualization and Interaction Systems Classroom 215
